KERN 572 ????? ??????????

All-rounder e. g. as laboratory, counting or checking balance

- Simple "step-by-step" user guidance in the display
- Precise counting: The automatic optimisation of reference weight gradually improves the average value of the piece weight
- Numerical subtraction of tare weight for known container weight. Useful for checking fill-levels
- Freely programmable weighing unit, e. g. display directly in special units such as length of thread g/m, paper weight g/m², or similar
- Robust metal housing
- Ring-shaped draft shield standard for models with weighing plate size mm. Weighing space ØxH 157x43 mm
